GERMANY SENDS
NOTE ON CONSULS

BY ASSOCIATED PRESS

Washington, Dec. 29.—Secretary
Bryan had before him today for con-
sideration Germany's formal notifica-
tion that American subjects in Belgium
must be acceptable to the German
military authorities and asking for the
withdrawal of certain consuls for the
present at least. The United States
now has consular representatives only
in Brussels, Antwerp, Liege and
Ghent. Although the text of the
communication was not made public,
it was believed to be either similar to
be similar to one sent to other neu-
tral countries. Already the Belgian
government has protested.

The action of Germany in asking
for withdrawal of certain consuls is
said to be entirely impersonal and
based upon the law of military neces-
sity. It was claimed the American
government could recognize such right
without committing itself to a political
recognition of the right of the military
occupant of territory to its possession.

The notification of Germany that
American consuls in Belgium must be
acceptable to the German military au-
thorities had not been called to the
attention of President Wilson early to-
day but he told callers he would give
the question careful consideration. Sec-
retary Bryan planned to inform the
president of Germany's note at the
cabinet meeting.
